

20 circuit distribution box

Overview

The 20-way MCB box is used in many situations, providing reliable circuit protection and simplifying electrical management in both residential and commercial spaces. Shop durable solutions for construction and emergency use. The top-selling product within Breaker Boxes is the GE 100 Amp 20-Space 20-Circuit Main Breaker Indoor Load Center Contractor Kit. Leviton's revolutionary design allows the entire Load Center to be wired at rough-in without any circuit breakers present. All Leviton Load Centers come standard equipped with tin plated copper bussing. Designed for Leviton. The distribution box (DB box) helps safely and efficiently distribute electrical power. But what exactly is a power distribution box, and why is it so essential in our daily lives?

The DB panel board controls the flow of electricity. From power and signal distribution to I&C applications and complete room. 2. 2 Inside the product, there is a neon indicator light to indicate status of power supply; having a elegant appearance and.
