

2020 Fiber Optic Communication Exhibition

Overview

OFC 2020 returns to San Diego Convention Center, San Diego, California, 8-12 March 2020 for another groundbreaking program as the world's largest conference and exhibition for optical communications and networking. Companies unveiled pioneering trends that will define the industry's trajectory in the coming years and offered solutions to critical global issues such as quantum networking, artificial intelligence (AI), space optics and scaling the data center. View the 2026 exhibition floorplan. Considered the hub of the industry, OFC represents the entire ecosystem—from. Celebrating its 20th year, the Market Focus stands as a highlight of the ECOC Exhibition, attracting top industry speakers from around the globe. The ECOC Exhibition brings together researchers, vendors, and technology leaders to spotlight the latest innovations and developments, and discuss the. *** This is a print representation of what appears in the IEEE Digital Library. Some format issues inherent in the e-media version may also appear in this print version. Pioneering Silicon photonics and III-V on Si lasers for more than 15 years, Leti has designed a technology toolbox featuring.
