

China Unicom AI Server Centralized Procurement Bidding Opening

Overview

China Unicom's Zhejiang Branch has recently issued a tender for the procurement of domestic GPU servers in 2025. The plan involves acquiring 32 GPU servers and 8 ROCE switches, with an allocated budget of 40. Recently, China Unicom announced the results of the 2024 AI server open procurement, with Kunlun, Baud, Hongxin, and Changjiang. CITIC Securities announced that the centralized procurement bidding for China Unicom's server has been launched, focusing on investment opportunities in the information technology sector. Huawei, ZTE, Ericsson, Shanghai Nokia Bell, and Datang were the five winning bidders. China Mobile's centralized procurement project amounts to over 5 billion yuan, mainly awarded to traditional vendors such as ZTE and H3C.
