

Distribution Box PDX

Overview

This product is suitable for AC 50Hz systems with voltages up to AC single-phase 220V or three-phase 380V, and currents up to 250A. It provides functions such as line overload protection, short-circuit protection, and circuit switching for indoor lighting and power distribution. The PDX and TSPE series modular distribution boxes are built for flexible indoor and outdoor applications, offering durable plastic and metal construction for enhanced safety and longevity. The XM series distribution boxes are. Jiaozuo Dongfang Xiangsheng Electric Appliance Co., Ltd Founded in May 2004, with a registered capital of 10.9 million yuan, the company covers an area of nearly 50 mu, with a production plant area of more than 20000 square meters and more than 200 employees. With wall-mounted and flush-mounted installation options, they adapt to various settings, ensuring reliable. Talent advantage: 10 professional technical engineers provide full tracking and guidance throughout the process. Quality assurance: professional manufacturing, professional service, quality.
