

Fiber Optic Cable Binding Machine Battery

Overview

Power Source: Rechargeable lithium battery Bundling range: 0-60mm Binding : can binding 1600 times for one time fully charger. Voltage: 12V Battery: 7800 mAh/group, Fully charged, one battery can work more than 1600 times, about 3 kilometers or more This machine is a handheld, climbing-free tool for rapid cable attachment, equipped with internal components such as controllers to automatically complete all steps of cable attachment and bundling. The portfolio ranges from solutions and equipment for enveloping, sleeving, wrapping & stacking, cast-on-strap to the assembly of automotive, motorcycle, industrial, and e-mobility batteries. Aerial Cable Lasher Tool Kits, 19ft Extension Pole Aerial Lineman Tying Machine with Hook, 7800mAh Rechargeable Binding Tool for Aerial Drop Cable Install, Decoration Multifunctional application: Smart Cable tying tool is suitable for aerial lineman work with aerial drop cable such as aerial Fiber. Featuring a durable 360° rubber armor, it provides superior protection against shock, with USB connectivity for updates and data export. This product is already in your quote request list.
