

India Grid Cable Tray Processing Plant

AI Overview

India hosts several advanced cable tray processing plants, offering a wide range of cable trays and manufacturing machinery for industrial, commercial, and infrastructure applications.

Leading Manufacturers and Plants

Ajay Industrial Corporation Limited (AICL) is a prominent cable tray manufacturer in India, providing perforated, ventilated, and ladder-type cable trays suitable for industrial and commercial wiring. Their products are made from HR sheet, GP sheet, Galvalume, stainless steel, and aluminum, with widths ranging from 25mm to 1500mm and lengths of 2.5–3 meters, ensuring durability, corrosion resistance, and compliance with safety standards. Pratik Cabletray Pvt. Ltd., Pune manufactures a wide variety of cable trays including perforated, ladder, wire mesh, and FRP types. They offer customization in size, thickness, bends, and finishes, serving industries such as sugar, chemical, oil and gas, cement, and solar projects. Their products are suitable for both indoor and outdoor installations due to weather-resistant materials like hot-dip galvanized steel, aluminum, and stainless steel. India Electricals Syndicate (IES), Kolkata & Howrah specializes in light, medium, and heavy-duty cable trays, ladder trays, and solar panel mounts. Their plant uses the latest machinery to fabricate structural steel support systems and cable trays from MS, GI, and aluminum sheets. IES provides customized solutions for global clients, including Bangladesh, Nepal, South Africa, and Sri Lanka, and has executed projects for major organizations like NTPC, BHEL, and EIL.
