

Installation price of staircase-style electrical distribution box

Overview

Junction box costs range from low-price indoor models (\$10-\$60) to weatherproof units (\$70-\$450), with installation averaging \$100-\$300 depending on location and materials. The final price depends not only on the box itself, but also on. When budgeting for electrical boxes, most buyers look at upfront cost ranges based on box type, material, and installation complexity. Two commercial projects with the same plans can end up with very different price tags, depending on where they are built. In some. The average cost to hire an electrician to install or repair light fixtures, outlets, switches, or fans ranges from \$141 to \$419 with homeowners spending \$280 on average. For larger electrical jobs like installing wiring or replacing an electrical panel, expect to pay \$2,000 to \$6,000.
