

Price of electrical components for distribution boxes

AI Overview

Electrical distribution boxes typically range from \$100 for small disconnect boxes to \$4,000 or more for high-capacity 200A panels, with installation and labor costs adding \$600–\$3,000 depending on complexity.

Residential Distribution Boxes

- Basic surface-mount disconnect boxes: \$100–\$350, suitable for small utility or service enclosures .
- 100–125A breaker panels: \$800–\$2,500, including panel, breakers, grounding, and enclosure .
- 200A panels: \$1,200–\$4,000, often required for modern homes with higher electrical loads .
- Combination meter boxes with breakers: Retail examples include Eaton 200A 40-space panels at \$403–\$621, and Siemens or Square D panels in similar ranges .

Commercial and Industrial Equipment

- Three-phase transformers and substations: Prices vary widely; auction listings show 750–2,000 kVA transformers ranging from best offer to several thousand dollars .
- Control panels, disconnects, and load centers: Individual components like 60A–100A breakers cost \$21–\$78 each, while larger industrial panels can exceed \$1,000 depending on amperage and features .
