

Price of network racks with storage frames

AI Overview

Network racks with storage frames typically range from \$150 for basic open-frame models to over \$2,000 for high-capacity, enclosed enterprise racks.

Price Ranges and Options

- **Basic Open-Frame Racks:** These are lightweight, two-post or four-post racks suitable for small server rooms or home labs. Prices generally start around \$150–\$300 depending on height (measured in Rack Units, U) and weight capacity .
- **Enclosed Server Cabinets:** These racks provide front and rear doors, side panels, and better security and airflow. Mid-range models with 42U height and standard 19-inch rails typically cost \$400–\$800 .
- **High-End Enterprise Racks:** Brands like HPE offer fully welded, heavy-duty racks with 3,000 lb load capacity, advanced cable management, and airflow optimization. Prices for these racks can exceed \$1,500–\$2,500, especially when configured with additional features or shipped pre-assembled .
- **Specialized Features:** Racks with built-in cooling fans, lockable panels, adjustable rails, or seismic-rated designs may increase the price by \$200–\$500 depending on specifications .

Considerations for Purchase

- **Rack Size:** Ensure the depth and width accommodate your servers and networking equipment. Standard depths range from 600mm to 1200mm, and widths are typically 19 inches for EIA-standard racks .
