

Western European Mobile Underground Optical Cable Manufacturer

AI Overview

Kabelwerk Eupen AG is a leading Western European manufacturer of mobile underground optical cables, specializing in radiating cables for tunnels and industrial applications.

Key Manufacturers and Regions

Kabelwerk Eupen AG (Eupen Cable) is a prominent European supplier with over a century of experience in cable production, including fiber optic, copper, coaxial, and hybrid cables. They are particularly noted for EUCARAY® radiating cables, which are designed for underground tunnels, mining, and mobile network coverage in confined spaces. Their products comply with national and international standards and are tailored to customer specifications, ensuring high safety and performance standards in challenging environments . Hellenic Cables is another major European manufacturer producing submarine, power, and telecommunication cables, including optical fiber solutions suitable for industrial and underground applications . Regional Manufacturing Clusters:

- Germany (Rhine-Ruhr area): Known for high-precision engineering and R&D in 5G-ready optical fiber cables, offering fast delivery and compliance with EU standards .
- Italy (Lombardy): Specializes in custom cable solutions for industrial and underground applications .
- Benelux: Focuses on subsea and marine communication cables, with expertise transferable to underground optical cable projects .
